

FONDAZIONE GUIDO BERNARDINI
BETTER EDUCATION FOR BETTER SCIENCE

The Fondazione Guido Bernardini is pleased to announce the

FGB Technician Training Scholarship 2018.

The FGB has established also for the year 2018 a Scholarship that is designed to provide scientific/technical training to a technician involved in the care of animals used in biomedical research. It will be assigned to a person with at least two years of experience in laboratory animal care.

The scholarship consists in complimentary registration to attend one of the FGB 2018 training courses listed below, run in a prestigious research facility in Milan, Italy; travel and accommodation will also be provided.

Eligibility

The FGB scholarship is open to any technician from academia or industry with good knowledge of English who has demonstrated significant interest and capability in the field of laboratory animal science.

Application process

Applications must be accompanied by the following documents in English:

- a short statement from the responsible person of the laboratory animal facility explaining why the technician should receive the scholarship;
- CV of the candidate;
- an essay of up to 500 words describing his/her activities related to laboratory animals;
- a short statement as how the chosen training course will improve his/her skills and career goals;
- full contact details for the candidate.

Selection Committee

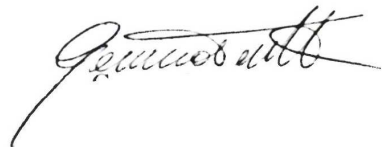

The FGB Scientific Committee assesses the applications and selects the winner.

Deadline

Applicants are requested to apply by e-mail no later than **February 9th, 2018** to: secretary@fondazioneguidobernardini.org

2018 FGB courses

Organizing and operating activities in a rodent animal facility	March 14-16
Microbiota and gnotobiotic rodents	April 12-13
The management of genetically altered rodent colonies	May 24-25
Microbiological monitoring of rodents: traditional and innovative approaches	October 11-12
